of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the "Commission") on the request of Teligent Services, Inc. ("Teligent" or "Old Teligent") and TAC License Corp. ("TAC License" or "New Teligent") (collectively "Applicants") to withdraw their Application for a Grant of Authority necessary to consummate a Chapter 11 "Re-Emergence" plan, and on the request of TAC License for a Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services within the State of South Carolina.

By letter dated December 17, 2001, vice president for Teligent advised the Commission that the Applicants were requesting withdrawal of their Application for a Chapter 11 "Re-Emergence Plan", and that TAC License was requesting withdrawal of its Application for a Certificate to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services within the State of South Carolina.

As reasoning for its request to withdraw their Application, the Applicants state that information necessary to consummate the plan set forth in their Application is not available, and that it is uncertain when such information will be available.

On September 10, 2001, Teligent and TAC License filed their Joint Application describing their plans to enter into a transaction that would enable Teligent to emerge from its Chapter 11 status through a newly-formed entity, TAC License (“Re-Emergence Plan”). The Applicants state in their request for withdrawal that due to the delay in completing the financing necessary to consummate this transaction, the final terms of the transaction remain uncertain at this time, including financial information and ownership information. Additionally, the Applicants can not predict when such information will be available. As the Applicants continue to negotiate the subject transaction, Teligent believes that all necessary information to consummate the proposed plan will be obtained at a later date. Upon such information being obtained, the Applicants state that they will file a new Application with the Commission.

Upon consideration of this matter, the Commission concludes that the request of Teligent and TAC License to withdraw its Joint Application should be granted.

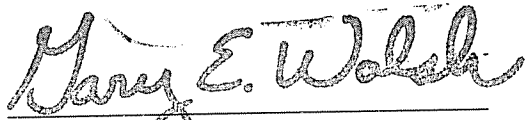

IT IS THEREFORE ORDERED THAT:

1. The request of Teligent Services, Inc. and TAC License Corp. to withdraw its Joint Application for authority to consummate a Chapter 11 “Re-Emergence” Plan; and TAC License Corp. for a Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and interstate Interexchange telecommunications services within the State of South Carolina is granted.

2. This Order shall remain in full force and effect until further Order of the Commission.
